

ULTRAKNIT TOP SHEET

Colours & Patterns

CREAM (CR)

WHITE (W)

Features & Benefits

MIP's UltraKnit top sheets have two fitted corners at the base with extra fabric on the width to create the unique toe pleat, assisting in the prevention of pressure sores by increasing space for feet whilst giving excellent comfort and warmth. The two fitted corners of the sheet mean that the sheet can be used for both an open and a closed bed. Flame Retardant to European Standard EN ISO 12952

Made from 100% Polyester.

Semi Fitted = 2 Options for use

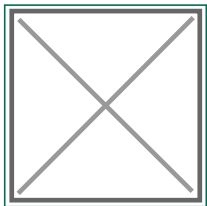

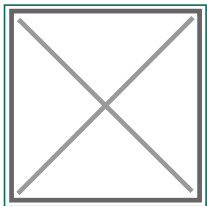

- ? Open Fit: The top sheet can also be left open by folding the sheet back on itself at the bottom of the bed leaving the sheet totally open with easy access to the feet for the staff e.g. in podiatry or orthopaedics or surgery units and in longer term facilities particularly for patients with dementia
- ? Tucked in for a closed bed: The top sheet can be tucked in for patients who prefer it that way or staff wish to make the bed by neatly tucking in. The sheet has extra fabric at the bottom which acts as a "toe pleat" giving plenty room for the feet to move around even when tucked in.

Watch our videos below for more info!

The UltraKnit Top Sheet with Unique Toe Pleat Feature is compatible with Dynamic Mattresses.

*This item comes only in an unbagged option, minimum order quantities apply.

Top Sheet - Cream
