Features & Benefits

Hunsbury® Towels — Dependable Comfort, Designed for Demanding Environments

The Hunsbury® Towel range from MIP is a versatile, cost-effective solution tailored for long-term care homes, healthcare and hospitality environments as well as commercial laundry settings.

Woven from 100% cotton, Hunsbury® Towels come in 4 sizes and deliver a winning combination of durability, and a soft, home-like touch that enhances patient and resident comfort - even after repeated commercial laundering.

A practical stripe-based identification system - 0 stripes (face), 1 stripe (hand), 2 stripes (bath), and 3 stripes (bath sheet) - ensures fast, accurate laundry sorting. Hunsbury® Towels have been tested for colour fastness and are reinforced with double-stitched hems for longer-lasting performance.

With 16 contemporary colour options ranging from classic neutrals (grey, white, cream and black) to calming earth tones (brown, terracotta, peach and wild mushroom), cool shades (blue, navy, green and dark green) and vibrant accents (lemon, pink, festive plum, wine) MIP's Hunsbury® Towels are sure to cover your practical and aesthetic

requirements.

Oeko-Tex Standard 100 certified, Hunsbury® towels are free from harmful dyes and chemicals.

Available from stock to streamline inventory control and supply continuity.
