

## Ready to go: Patient Specific Slide Sheet Pack

Yellow on the  
bed & slide  
with the red

We understand that time is often scarce in the care environment and slide sheets may not always be immediately at hand when needed. The Ready to go pack contains flat slide sheets packed in a slide sheet bag, which can be hung at the end of a patient's bed, so it is there, ready when needed. The slide sheet bag has space to write the patient's name and bed location on, to help prevent cross-contamination between patients and in a time where moving & handling training has been disrupted due to Covid, the "yellow on the bed and slide the red" is a reminder to use flat slide sheets as a pair.

### STYLE #

LP004-RY07

### DIMENSIONS

200×100cm

### DESCRIPTION

Slide sheet bag containing 1 x flat yellow slide sheet & 1 x flat with handles red slide sheet
