MIP®

The Softer Side of Healthcare

Moving & Handling Range

Our Philosophy

At MIP, we develop reusable healthcare textile solutions that combine comfort, quality and efficiency.

We believe even the smallest improvements can make a meaningful difference to the lives of those receiving and providing care.

MIP. The Softer Side of Healthcare

A little bit about us

Founded in Montreal in 1977, MIP has grown into an international supplier of healthcare textile solutions. With locations in the UK, Germany and Canada, and an established global distribution network, we support healthcare providers with reliable, practical and cost-effective products.

Moving & Handling Range

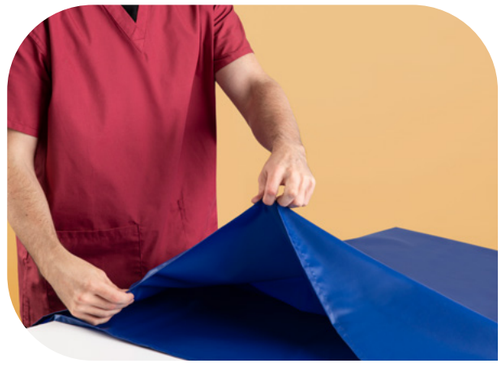

Supporting safer, more comfortable moving & handling

Explore our range of solutions designed to support everyday positioning, repositioning and transfer requirements across care environments.

Positioning Wedges

Edge by MIP® Positioning Wedges provide additional support during a range of positioning and repositioning tasks.

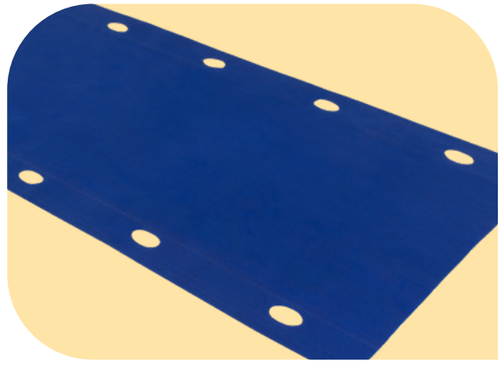

Slide Sheet Range

Cromptons Healthcare by MIP Slide Sheets are manufactured using Transtex, a specially developed, silicone-coated fabric that provides a smooth, low-friction surface to support repositioning and turning.

Swift® In-Bed Repositioning System

The Swift® In-Bed Repositioning System provides a comfortable, discreet and easy-to-use solution for repositioning and turning in bed.

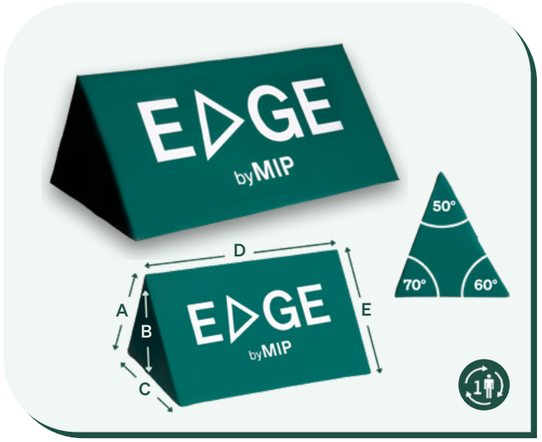

Transfer Sheet Range

Our Cromptons Healthcare by MIP Transfer Sheet range includes patient specific and reusable transfer sheet options to suit a variety of needs within the care environment.
